1. Profile Summary

This profile is created to showcase the interior decoration ideas, concepts, and inspirations taken from the Living Room category on the DecorChamp website. The website offers detailed guidance on how to design, decorate, and enhance living room spaces using modern, stylish, and practical décor techniques. The purpose of this submission is to highlight the key features and design elements presented on the website and explain how they help in understanding living room interiors better.

---

2. About the Website

DecorChamp is an interior design and home décor website that provides professional tips, image-based inspiration, guides, and décor ideas for different sections of a home. The Living Room category focuses on helping users create elegant, modern, and functional living spaces with the right colour combinations, furniture, lighting, and accessories.

---

3. Key Features of Living Room Interior Decoration

a. Space Planning

The website explains how to arrange furniture properly to create a balanced layout. It suggests neat arrangements with enough space for easy movement. Proper planning also helps the room look more open and comfortable.

b. Modern Colour Themes

DecorChamp highlights trending colour schemes such as:

- Beige, cream, and white for calm and soft looks
- Olive green, mustard, and navy blue for modern interiors
- Pastel shades for minimal and stylish living rooms

These colour themes make the living room look elegant and vibrant.

c. Lighting Concepts

The website focuses on the importance of perfect lighting such as:

- Natural daylight
- Wall lights
- Pendant hanging lights
- Floor lamps

Layered lighting creates a warm, cosy, and stylish atmosphere.

d. Furniture Selection

The website provides ideas for trendy furniture such as:

- Modern sofas
- Compact coffee tables
- TV units
- Accent chairs
- Multi-functional storage furniture

These furniture styles improve the overall look and comfort of the living room.

e. Décor Elements and Accessories

To make the living room more beautiful and personalized, the website suggests using:

- Indoor plants
- Rugs & cushions
- Abstract paintings
- Wall art designs
- Curtains
- Ceramic pots and decorative pieces

These accessories add character to the room.

f. Storage and Functionality

DecorChamp promotes the use of smart storage units, open shelves, wall-mounted cabinets, and multi-purpose furniture to keep the living room clean and clutter-free.

4. Skills and Learning from the Website

By exploring DecorChamp, users can learn:

- How to choose colour combinations
- How to plan a living room layout
- How to select furniture based on room size
- How to decorate using simple accessories
- How to maintain a modern interior look

This knowledge helps both beginners and students improve their understanding of interior design.
